**THANKS FOR
38
YEARS IN
BUSINESS!**

**LET US HELP YOU WITH
ALL OF YOUR AQUATIC NEEDS!**

HERE COMES 2020, ASK YOURSELF 3 QUESTIONS:

- Do you have a hydraulic boat lift?
- Do you have carpet in your pontoon?
- How about a power bimini?

If you have answered “no” to any or all of the questions, look no further than Round Lake Marina to make life a little easier. We take trades on boat lifts and boats. Let’s create great, positive memories. We have found that these three ingredients help with the fun factor.

Saying goodbye to the summer of 2019 is a difficult thing to do, as we all know the start was slow and the end came quick. We sincerely cherish the memories of seeing our beautiful customers coming in and out of the door of our small business.

A big THANK YOU goes out to all of you who have supported us for the last 38 years. The quicksand of time has us appreciative for all of the friendships we have made.

All the best to everyone as we go into 2020!

*The Helm Family and
Round Lake Marina Crew*

P.S. Don't forget to call our niece, Chelsea Tremblay, for all of your holiday “candy” gifting needs - (800) 40-FUDGE

**It's FUN here,
see you soon!**

GIVE YOUR BOAT A LIFT!!!

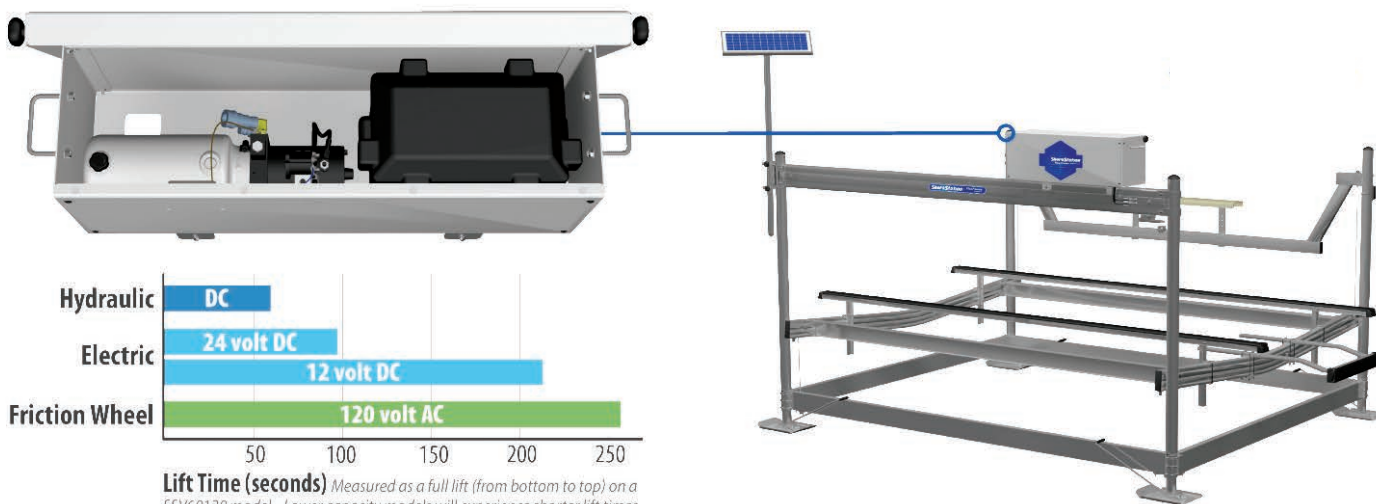

WITH A NEW SHORESTATION HYDRAULIC BOAT LIFT!

Whether you're looking for one of the safest, most dependable lifts on the market like the ShoreStation Hydraulic, or the nostalgia of our original manual drive lift, ShoreStation continues to elevate the industry standards.

QUICKLY SECURES BOAT - When you have a Hydraulic Lift, there's no need to worry about wind and waves getting in your way. This lift is the fastest on the market and will give you confidence to safely land and secure your boat in less than ideal conditions.

MAXIMUM PROTECTION - With cables that are pulled instead of wound, this system is designed to eliminate cable fatigue issues and safeguard against critical failure. In addition, our hydraulics are pressure regulated, so they stall before lifting potentially damaging loads, giving you peace of mind that your precious cargo is safe.

RELIABLE BY DESIGN - With so many variables in the marine environment, deliberate design is crucial. The "high and dry" construction of the hydraulic lift keeps your essential hydraulic and electronic components above the water, minimizing their exposure to moisture and humidity. In addition, the solar-powered, DC operating system eliminates the need for an AC circuit on the dock, providing safety and superior performance on command. This is a lift you can rely on, day after day.

15 YEAR CABLE WARRANTY - All ShoreStation® Hydraulic and Electric boat lifts are backed by the best warranty in the industry. Our unique design significantly reduces cable stress and keeps your lift working properly for years to come.
